A SCARE IN THE CAVES OF DESPAIR!

THE GREAT ESCAPE!

Five dastardly crooks have busted out of jail and are heading for the harbor! Can the police round any of them up before they can make their getaway? You can play by yourself or against a friend!

Use one blue stud for the police car, five red studs for the crooks and a standard 2x4 brick as dice! The police car starts on the blue path and the crooks start on the red path.

Throw the brick for the police and for each crook to advance them along the chase track (see Brick Throw box for moves). To make it more challenging, the crooks can go first. Each crook who reaches the boat gets away. If more crooks escape than are captured, the crooks win! Once the police reach the boat, the game is over.

If a crook rolls "Captured!", he goes back to jail and is out of the game. If he rolls "Escape!", he can advance to the boat and get away. A crook who lands on a "Captured!" space goes back to jail and is out of the game.

Our lab is the racetrack. Our test bed does 220mph and 18000rpm. Our technicians pull 5g in the corners, more force than an astronaut at lift-off. We do this so you'll be safe and stylish at 30mph on those lazy, winding shoreline roads.

Excessive? Maybe. But it's Fun...and that's the same Fun you'll find in the Cool Cruiser, the new Fully Featured, Four-seater cabriolet from Creator.
